

Editorial Policy

Basic Approach

This report provides stakeholders with a comprehensive account of the JFE Group's sustainability-related initiatives and data and elicits feedback toward enhancing the Company's activities and information disclosure. The 2023 report was compiled with a focus on the following.

- Progress of the Seventh Medium-term Business Plan and FY2022 KPI Results and FY2023 KPIs
- Results of initiatives aimed at addressing climate change (reduction of CO₂ emissions, contribution to reducing CO₂ in society as a whole)
- Upgraded information on the development and provision of eco-friendly processes and products
- Trial evaluation for the future disclosure of information on biodiversity preservation
- Results of activities on diversity and inclusion, and future initiatives
- Results of human rights due diligence and future initiatives
- Introduction of climate change-related metrics to executive remuneration (metrics related to the well-being and safety of employees have already been introduced in FY2022)
