Notes: 1 Conditions necessary for the approval of proposal:

- Proposal 5 requires that 1) the number of total voting rights held by shareholders who attended the General Meeting of Shareholders equals or exceeds the majority of the voting rights held by shareholders eligible for exercising their voting rights, and 2) the number of affirmative votes equals or exceeds the majority of the voting rights exercised by shareholders who attended the General Meeting of Shareholders are affirmative.

(4) Reasons for not including certain of the voting rights exercised by shareholders who attended the General Meeting of Shareholders in the number of affirmative votes, negative votes or abstentions

Concerning the Company's proposals, the resolutions were legally approved pursuant to the Companies Act because the conditions necessary for the approval of each proposal were satisfied when a certain number of votes of the shareholders who attended the General Meeting of Shareholders were confirmed as affirmative, negative or abstentions by the Company, in addition to the voting rights exercised in writing using their voting forms and via electronic media (including the Internet) by the day prior to the date of the General Meeting of Shareholders. Therefore, the number of affirmative votes, negative votes and abstentions does not include the number of voting rights exercised by shareholders who attended the General Meeting of Shareholders but were not confirmed as any one of these three.

Concerning shareholder's proposal, the resolution was not legally approved pursuant to the Companies Act because it was confirmed that the conditions necessary for the approval of the proposal was not satisfied when a certain number of votes of the shareholders who attended the General Meeting of Shareholders were confirmed as affirmative, negative or abstentions by the Company, in addition to the voting rights exercised in writing using their voting forms and via electronic media (including the Internet) by the day prior to the date of the General Meeting of Shareholders. Therefore, the number of affirmative votes, negative votes and abstentions does not include the number of voting rights exercised by shareholders who attended the General Meeting of Shareholders but were not confirmed as any one of these three.
