

New Possibilities for Steel and Related Materials: Exploring Broader Application throughout Society

In 2002, Nippon Kokan K.K. (NKK) and Kawasaki Steel Corporation joined forces to launch the JFE Group under the holding company JFE Holdings, Inc. In the years since, the JFE Group has contributed to society by developing and implementing some of the world's most advanced technologies. Going forward, the Group aims to build on its reputation for excellence in a range of key fields.

Steel Business

JFE Steel Corporation

"Only One" and "Number One" Products

JFE Steel is one of the world's leading integrated steel producers. A strong international player with a sophisticated production system consisting of two major steelworks, one each in eastern and western Japan, JFE Steel engages in the production and sales of unique "Only One" and market-leading "Number One" branded products, plus a wide range of other added-value products incorporating the company's cutting-edge technologies and development know-how.

Engineering Business

JFE Engineering Corporation

Innovative Technologies for Energy and the Environment

JFE Engineering technologies enhance the effective use of resources for clean energy. In addition to its core businesses in environmental infrastructure and energy, JFE Engineering offers specialized expertise in the fields of industrial machinery and steel structures, such as bridges.

Shipbuilding Business

Universal Shipbuilding Corporation

Meeting Global Needs with Energy-Saving Technologies

Universal Shipbuilding, with its "fleet" of five shipyards and one technical research center, has become a leader in the construction and repair of large merchant ships, including tankers, special vessels such as AHTSVs, minesweepers and icebreakers.

Note: Universal Shipbuilding will merge with IHI Marine United and become Japan Marine United on October 1, 2012 (plan).

LSI Business

KAWASAKI MICROELECTRONICS, INC.

Leveraging Technology for Advanced Electronic Devices

As a manufacturer of semiconductors essential for high-function electronic products, Kawasaki Microelectronics has cultivated a sizable share of the markets for liquid crystal panels and optical-communication products.

Note: JFE Holdings agreed on April 20, 2012 to sell Kawasaki Microelectronics to MegaChips Corporation.
