

Preserving the Global Environment

The JFE Group environmental philosophy is:

“The JFE Group considers the improvement of the global environment to be of utmost importance for management, and promotes business operations in harmony with the environment to create a prosperous society.” Based on this philosophy, we constantly better our efforts for global environmental conservation and aim for the development of a corporation in harmony with the environment.

Environmental Philosophy

The JFE Group considers the improvement of the global environment to be of utmost importance for management, and promotes business operations in harmony with the environment to create a prosperous society.

Environmental Policy

1. To reduce environmental influence in all business operations

JFE endeavors to reduce present and future environmental loads and promotes the development of innovative technologies for reducing environmental loads.

2. To make contributions through technologies and products

JFE contributes to the creation of a better environment through the development and supply of advanced technology, equipment, and ecological products.

3. To make contributions through conservation of resources and energy

JFE contributes to the creation of a resource- and energy-saving society through recycling and energy supply businesses which give priority to preservation of the global environment.

4. To promote communication with society

As a member of regional society, JFE contributes to a better environment at the regional level in cooperation with local citizens, government and administrative authorities, and other businesses.

5. To promote international cooperation

JFE contributes to environmental protection activities at the global level through active involvement in international cooperation in the form of technology transfers, etc.

Environmental Sustainability Report

For further information on our activities regarding environmental aspect, please download our Environmental Sustainability Report (PDF, e-book).
