Annual Highlights

Business Unit	2018	2019
JFE Holdings	<p>April ■ Announced the Sixth Medium-term Business Plan</p> <p>May ■ Selected as Competitive IT Strategy Company Stock Selection for the fourth consecutive year</p> <p>June ■ Held the 16th Ordinary General Meeting of Shareholders</p> <p>July ■ Sponsored the 13th All-China Japanese Speech Contest</p> <p>August ■ Formulated the JFE Group's Declaration of Cybersecurity Management</p> <p>September ■ Published the JFE GROUP REPORT 2018 (Integrated Report) Issued the JFE Group CSR REPORT 2018</p> <p>October ■ Published the JFE Group IT REPORT 2018</p> <p>November ■ Received a rating in the DBJ Employees' Health Management Rated Loan Program from the Development Bank of Japan (DBJ)</p>	
Steel business	<p>2018</p> <p>April ■ Received the Prize for Science and Technology (Development Category) in the 2018 Commendation for Science and Technology by the Minister of Education, Culture, Sports, Science and Technology (for development of the Super-SINTER™ steel material manufacturing technology)</p> <p>May ■ High-weldability CO₂ arc-welding technology, "Ultra-narrow-gap J-STAR™ Welding," was adopted for the reconstruction of the large keep of Kumamoto Castle.</p> <p>■ Established a base in Yangon, Myanmar</p> <p>■ Received the Invention Award in the 2018 National Commendation for Invention (crack arrest steel plate for container carriers)</p> <p>■ Ignited the second blast furnace in FHS integrated steelworks project in Vietnam</p> <p>■ Held festivals in Keihin and Fukuyama</p> <p>June ■ Established JFE Welding Research Alliance Laboratories in the Joining and Welding Research Institute, Osaka University</p> <p>■ Earned Regional Choice Award in SAP Innovation Awards 2018 (JFE Group's accounting system overhaul project)</p> <p>July ■ Began commercial production at a plant for premixed metal powder for segregation prevention in China</p> <p>September ■ Greatly improved High-Mecha-Neji™, thread joint for connecting steel pipe piles, and acquired its examination certificate</p> <p>■ Developed longer-life coating steel sheet with greater post-coating corrosion resistance for bridges, construction machinery, industrial machinery, etc.</p> <p>October ■ Held festivals in Chiba and at Sendai Works</p> <p>November ■ Held festivals in Kurashiki and at Chita Works</p> <p>■ Developed GI JAZ™, high-lubricity GI steel sheet for automobiles</p> <p>■ Received "Information Technology Special Prize (System Integration Prize)" in Information Technology Award 2018 (JFE Group's accounting system overhaul project)</p> <p>■ Released for sale the high axial loading-type seismic/vibration damping devices</p> <p>December ■ Developed JBCR385, cold roll forming rectangular steel pipe of the highest strength in Japan, and acquired a rating for the design method</p> <p>■ Adopted safety behavior support technology using AI image recognition, a first in the steel industry in Japan</p> <p>2019</p> <p>January ■ JFE topology optimization technologies adopted for use by SUZUKI MOTOR CORPORATION</p> <p>■ 1310MPa High-tensile Steel Sheet Adopted for First Time in Cold-press-forming Vehicle Body-frame Parts</p> <p>■ Received the Chairman's Prize in the 53rd JSPMI Prize (magnetic leakage flux tester for minute unevenness of steel sheets surface)</p> <p>■ Received the JMF's President Award in the Energy-Efficient Machinery Award 2018 (air leak visualization device to detect leak amount and direction (MK-750))</p> <p>February ■ Received the 65th (2018) Okochi Memorial Technology Award (SP3, high wear resistant heat treatment rail for heavy haul railways)</p> <p>■ Established JFE Welding Institute - Center for Integrity against Fatigue and Fracture (JWI-CIF), one of the world's largest fracture and fatigue evaluation centers for the steel industry</p> <p>■ Developed Hat-shaped Steel SC Girders to improve construction efficiency and save labor</p> <p>■ Received the Derwent Top 100 Global Innovator 2018-19 Award</p> <p>March ■ Adopted control failure recovery support system utilizing IBM's Watson to all manufacturing lines</p> <p>■ Opened workplace daycare center in Keihin</p>	
Engineering business	<p>2018</p> <p>April ■ Biomass power plant for Hachinohe Biomass Power Generation began power generation</p> <p>■ Began operation of project of wastewater treatment plant for the Seien area in Hamamatsu City under concession scheme</p> <p>■ Commercialization of a new system to remove mercury from exhaust gas generated by waste incineration</p> <p>■ Received order for new Waste to Energy Plant from Hotaka municipalities, Nagano</p> <p>■ Established Innovation Centre for Environmental Technology in Singapore</p> <p>■ JFE Technos Integrated JFE Rail Link and Construction division of River Steel</p> <p>■ Launched Office of Smart-Work Promotion and Office of Global Human Resources Promotion</p> <p>May ■ Established Tokorozawa Future Electric Power Corporation, regional power producer and supplier system, with Tokorozawa City</p> <p>■ Completed construction of Long-life radio tower for Tokyo Gas</p> <p>■ Received order for rebuilding West Exit pedestrian overpass at Shibuya Station</p> <p>June ■ Completed construction of Suzaki Natural Gas Supply Center for Okinawa Electric Power Company's subsidiary</p> <p>July ■ (Urban Energy) Began zero emissions plan service</p> <p>■ Received order for new Waste to Energy plant from East Tottori municipalities</p> <p>■ Contracted to manufacture diagnostic agent for renal cancer from Telix Pharmaceuticals (Australia)</p> <p>■ Began trial operation of waste gasifying and melting furnace at Nanyang Technological University (Singapore)</p> <p>■ Received order for building a bridge at Izushima in Onagawa Town</p> <p>■ Received order for water purification plant at Taguibo in the Philippines</p> <p>August ■ Received order for smart agriculture plant from Shimotsuke City, Tochigi Prefecture</p> <p>■ Began food recycling business (J Bio Food Recycle Co., Ltd)</p> <p>■ Received order for water purification plant at Morong in the Philippines</p> <p>September ■ Kawasaki City adopted ZeroE system</p> <p>■ Received order from Izumo City, Shimane, for new Waste to Energy plant</p> <p>October ■ Received order for the Yen Xa wastewater treatment plant, the largest of its kind in Hanoi</p> <p>■ Completed construction of wastewater treatment plant in Parañaque in the Philippines</p> <p>November ■ Began operation of AI-utilizing tool Pla'cello</p> <p>■ Began operations of Toyama Shinko LNG Terminal, Hokuriku Electric Power Company</p> <p>December ■ Established Fukuyama Mirai Energy Corporation, a regional power producer and supplier</p> <p>■ Participated in the concession business relating to Otsu City gas specific operating project etc.</p> <p>■ Received order for construction of Nihama LNG Terminal facility</p> <p>■ Received order for hybrid caissons for Kawasaki City</p> <p>■ Completed construction of expansion to Thilawa Port in Myanmar</p> <p>■ Began ESP business for The Nisshin OilCo Group, Ltd.</p> <p>2019</p> <p>January ■ Began commercial operation of IGP (Iwate Geothermal Power Company) Matsuo Hachimantai Geothermal Power Station</p> <p>February ■ JFE RECYCLING and Tokyo Waterfront Recycle Power concluded a merger contract</p> <p>March ■ Began sale of Iwata Zero Emissions Electricity</p> <p>■ Tokorozawa City adopted ZeroE system</p> <p>■ Completed construction on rebuilding of East Exit pedestrian overpass at Shibuya Station</p> <p>■ Began operations of Ishikari LNG base, Hokkaido Electric Power Company</p>	
Trading business	<p>2018</p> <p>April ■ Established Electric Appliances and Steel Products Planning Department and E-Business Promotion Office</p> <p>■ Courtesy visit by Carlos Kingsley Ahenkorah, Deputy Minister for Trade and Industry of Ghana, to JFE Shoji and Kawasho Foods Corporation</p> <p>■ JFE Shoji Steel America, Inc. participated in the transformer industry exhibition held by IEEE (Institute of Electrical and Electronics Engineers)</p> <p>May ■ A new plant began operation for Suga Steel, a plate processing and sales company in Thailand that JFE has invested</p> <p>■ JFE Shoji Terre One accepted trainees from the Myanmar Ministry of Construction</p> <p>■ Hokuriku Steel received its first Kanazawa Plant Superintendent's Commendation from Komatsu Ltd.</p> <p>June ■ JFE Shoji Trade America Inc. established Silao Office, belonging to Mexico Branch</p> <p>■ With support from JFE Shoji Steel India Private Limited, PT.JFE Shoji Steel Indonesia, etc., JFE exhibited at CWIEME in Berlin, the world's largest expo in electrical steel sheets industry</p> <p>■ The Cold Iron Melting Section of Ferrous Raw Material Department received the Top Seller award from ShengLi, Vietnam's major electric furnace manufacturer</p> <p>July ■ Thai's steel materials processor Steel Alliance Service Center acquired inspection certificate from JFE Steel Galvanizing (Thailand) for the second consecutive year</p> <p>■ Held Shinto ground-breaking ceremony at the site for construction of the new JFE Shoji Buriki Center plant</p> <p>September ■ JFE Shoji Trade Steel Construction Materials established ROLLMAT JAPAN as a joint investment with two other companies, to handle deformed bar processed products</p> <p>October ■ Changed the name of the Tokyo Headquarters to simply "Headquarters," and the Osaka Headquarters to "Osaka Branch."</p> <p>■ Conducted social contribution activities in Ghana and Nigeria for eight consecutive years</p> <p>December ■ JFE Shoji Trade Steel Construction Materials Corporation received Commendation from Deputy Vice-Minister for Logistics, the Ministry of Land, Infrastructure, Transport and Tourism, jointly with three other companies</p> <p>■ Kawasho Foods Corporation established a joint venture in China jointly with TARAM corporation and a Chinese food manufacturer</p> <p>2019</p> <p>January ■ JFE Shoji Steel Vietnam Co.,Ltd received an Excellent Vendor Award from SEHC of the Samsung Group</p> <p>March ■ Invested in I.M.E. (Thailand), the local subsidiary of motor manufacturer Ichinomiya Electronics</p>	
Shipbuilding business	<p>2018</p> <p>April ■ Exhibited at the Sea Japan marine exhibition</p> <p>July ■ Naming and launching ceremony for the escort ship Maya</p> <p>■ Completed the concept design for an LNG-powered large bulk carrier jointly with Nippon Yusen</p> <p>September ■ Received order for Japan's first state-owned LNG-powered marine environment maintenance ship</p> <p>■ Received order for a self elevating platform (SEP)</p> <p>October ■ Held the 1st JMU Technology Forum</p> <p>November ■ Performed modification work for the onboard theater STU48</p> <p>2019</p> <p>February ■ Received order for a LNG bunkering vessel</p>
